Hi Chad – I'm on EPA's CCR Enforcement Workgroup and HQ is currently reviewing CCR website info (notifications and groundwater reports) posted by CCR facilities. HQ will be sending Alliant Energy - Burlington Generating Station a letter regarding their notice of intent to obtain an extension for the closure deadline. For this correspondence and any other CCR-related facility correspondence, who is the IDNR contact that can be included as a cc on the letter? I wasn't sure if it would be you or Amie. Thank you for your assistance.
